Specific Rules – TeamGym

Edition 2024 - 2025

Art. 1 Competitions

In the **even years**, the qualifications and finals for seniors and juniors are organised in the three TeamGym apparatus:

- Floor
- Tumble
- Trampet

The participation in all three apparatus is compulsory.

Art. 2 Competition format

The European Championships in TeamGym consist of the following three sections, in both senior and junior competitions:

- Women's Teams
- Mixed Teams (50% male and 50% female gymnasts competing in each apparatus/round)
- Men's Teams.

The number of accredited gymnasts per team is 8 - 12.

The actual gymnasts proposed to perform during the competition must be declared to the Local Organising Committee (team declaration) at least ten minutes before the scheduled start of the team's first apparatus in the competition. This may be a minimum of 8 and a maximum of 10 gymnasts plus additional reserves within the accredited maximum of 12.

All declared gymnasts must perform the floor. If a gymnast is injured during the competition prior to the floor, the following disposition will be applied:

After the team declaration, reserves may only be used in case of injury or illness confirmed by the official doctor of the European Championships. The affected gymnast can then be replaced with an accredited reserve. Gymnasts that are replaced may not participate further in the Championships.

A new team declaration is required for the finals.

Art. 2.1 Qualifications, Seniors and Juniors

The Federations can participate with a maximum of 1 women's team, 1 mixed team and 1 men's team in the senior and junior competitions (in total maximum 6 teams).

Art. 2.2 Finals, Seniors and Juniors

The 8 Teams with the highest ranking from the Qualification are qualified for the Finals. Teams in the final start from zero score.

If there are less than 12 teams in a section, only 6 will proceed to the Final.

Art. 3 Duration of the event

As a general rule, the European Championships for **seniors and juniors are organised in 5 days** at the same venue, in the same week.

Art. 4 Composition of the delegations

Each federation may bring maximum 1 team in each section in both the senior and junior competition. A team may consist of 8 - 12 accredited gymnasts, including any reserves, 3 coaches and 1 physiotherapist. Gymnasts may only compete in one team at the combined Junior/Senior Championships. The **maximum** size of the official delegation for each federation is as follows:

	SENIORS	JUNIORS
Gymnasts:		
Women's Team	12	12
Mixed Team	12	12
Men's Team	12	12

Coaches	3 per team
Physiotherapist	1 per team
Head of delegation	1 for the combined junior/senior Championships
Team Manager	2 for senior teams and 2 for junior teams
Doctor	1 for the combined junior/senior Championships
Judges	3 for the combined junior/senior Championships

Art. 5 Judges

All judges must be holders of the nationality of their NF and be in possession of the European Gymnastics TeamGym brevet for the corresponding cycle. Each participating NF is obliged to nominate at least one judge. The maximum number of judges per NF is three.

Art. 6 Starting order

The starting order of the teams is decided by an official drawing of lots in the presence of representatives of the TC and published in the work plan. Federations may witness the draw.

To increase the interest in the finals, the top teams from the qualifications (half the number of teams in the final) will be allocated the last performances in the starting list. The draw is done in two steps, first for the starting order of the last teams qualified for the final, followed by the draw for the first teams qualified for the final. Further details are to be found in the TeamGym Competition Manual.

Art. 7 Musical accompaniment

All routines must be performed entirely to optional music. The music must be instrumental with no lyrics and provided in electronic format (as per work plan). The FIG Regulations and laws of music copyright are to be respected.

Art. 8 Championship titles

The team's total score is the sum of the final scores of all three apparatus. The winning team for each of the sections shall receive the title European TeamGym Champion.

Art. 9 Tiebreak rules

In case of equality of the total score in the Qualifications or Finals, the following principles apply. In case of 3 or more teams with the same total score, the teams are compared two at a time before being ranked.

- Art. 9.1** The Team getting 2 apparatus wins when compared with the other team, gets the highest ranking. This is not the sum of the 2 highest Final Apparatus Scores, but winning 2 of the apparatus over the other team.
In case of further equality:
- Art. 9.2** The Team with the highest final score in any of the apparatus gets the highest ranking.
In case of further equality:

In case of further equality:
- Art. 9.7** In case the above procedure fails to resolve the tie:
- a) Qualification to the final will be settled by a draw.
 - b) In the final, the tie will not be broken, and the Teams will keep their achieved ranking and receive medals as appropriate.
