

COVID19 INFORMATION, n°2 – 30.05.2022

Appendix 1

COVID-19 guidance for international travellers – Entry to Israel: non-Israeli Citizens

Before the flight to Israel

1. A health insurance policy with coverage for the treatment of COVID-19 is required. The insurance policy is a **mandatory** to enter Israel.
2. Fill out the [entry statement form](#) in the **48 hours before the flight to Israel**, and as early as possible.
 - Fill out your personal information and details of those traveling with you, a health statement, and information on vaccines administered or recovery.
3. Present an entry statement form confirmation:
 - Both a digital and a physical copy can be presented.
 - Keep the confirmation until after the crossing in the border control in Israel, and make it available for inspection if needed.

At the airport and border crossing

In the Israeli airport and border crossing random document inspections are conducted and travellers must meet the requirements of the Population and Immigration Authority.

Isolation

Currently there is no legal requirement of isolation after entering Israel.

If a non-Israeli citizen contracts COVID while in Israel, they should follow the guidance for non-Israelis regarding isolation. [Further information about isolation for Non-Israelis >](#)

Please note:

Non-Israeli citizens who will be confirmed as COVID-19 cases but will refuse to go into isolation will be counted as violating the requirements of isolation – may be denied entry to Israel for a period to be determined by the Population and Immigration Authority.

Isolation for Non-Israeli Confirmed COVID Cases

Who needs to isolate? Those who received a positive COVID-19 test – a PCR or an authorized antigen test – Must go into isolation for confirmed COVID-19 cases and follow the isolation guidance for confirmed cases.

[Isolation Guidance for Confirmed COVID-19 Cases >](#)

For further information and a certificate of recovery contact “Kol HaBriut” call centre – Tel. *5400, or BikuRofe company – Tel. *6101.

Isolation accommodation: Stay in isolation where you can follow the home isolation requirements. You can even stay in isolation in a hotel room if the guidance is followed. For further information for non-Israeli confirmed COVID-19 cases regarding the place of isolation please contact the Tourism Ministry’s emergency call centre, Tel. 050-6214239 [Guidance for Home Isolation >](#)

Isolation for those who have been in close contact with a confirmed COVID case: **As of May 23rd, 2022, and subject to Knesset approval, it is no longer required to isolate, including in the following cases, regardless of vaccination or recovery:**

- Those who live with a confirmed COVID-19 patient, even if he is a helpless individual
- Those who accompany a patient in isolation

Only those with individual guidance from the Healthcare System must go into isolation following close contact with a confirmed COVID case.
