For the European Gymnastics Championships, the arena will be specially reconfigured to accommodate the competition hall, warm-up hall and training hall within the same venue. This integrated setup will ensure optimal athlete flow, operational efficiency, and full compliance with European Gymnastics standards. 5. PARTICIPATION RIGHT AND ACCREDITATIONS

Senior and Junior Gymnasts holding a valid FIG licence until the end of the competitions, and with the correct age from European Gymnastics and FIG affiliated Federations in good standings, may take part in these European Championships. An individual is entitled to only one accreditation card. If an individual has several valid “accreditable” functions, the highest function is normally selected and the access zones of the functions are cumulated. No substitutes may directly benefit from unused accreditations. The functions of judge and gymnast cannot be combined with any other function, except for a gymnast who can also act as Head of Delegation.

Maximum Delegation Size

The maximum size of each delegation, as per European Gymnastics Technical Regulations, is as follows: All federations are entitled to participate with either a team composed of 3 to 5 gymnasts, or a maximum of three (3) individual gymnasts.

**MAG Senior Teams have the option to bring one further individual apparatus specialist gymnast.

Function	Junior	Senior	Combined
Gymnasts	5	6	11
Head of delegation	1	1	1
Team manager	1	1	2
Coaches	2	2	4
Doctors	1	1	1
Paramedical Staff	1	1	2
Mental Health Professional	1	1	1
Judges*	1	1	2

*Note: see also Point “9. Judging “below for additional information

Additional accreditations are at the charge of the delegations. The costs of these accreditations are as follows:

Additional Coach	EUR 180
Additional Paramedical Staff	EUR 180
Guest	EUR 180
VIP Guest	EUR 250

The cost for additional accreditations must be paid directly to the LOC. An additional invoice will be sent to the concerned NF, including the bank details of the LOC.

The invoices for the amounts to be paid to European Gymnastics and to the LOC will be available for download on the Gyndata registration platform after submission of the nominative registration.

Accreditation Application Process

Each National Federation (NF) will be invited to submit the accreditation details for each member of its delegation in accordance with the instructions provided by the Local Organising Committee (LOC).

All relevant information regarding the submission procedure and application requirements will be communicated to each NF by the LOC prior to the start of the accreditation application process.

The accreditation documentation must include full personal details for each delegation member (e.g. full name, date of birth, nationality), the appropriate functional role (e.g. Athlete, Coach, Doctor, Team Official), and a digital photograph meeting the specified technical requirements.

The accreditation submission window will open on **14 June 2026** and will close on **14 July 2026**. All completed forms must be received by the LOC no later than the published deadline.

Detailed instructions, including the downloadable accreditation forms, photograph specifications, and submission guidelines, will be distributed to each NF by the LOC following the definitive registration deadline.

The photograph must follow the same requirements as for a passport:

- It must be in **colour**, should be a recent and an accurate likeness of the applicant and must not have been altered in any way
- It should be a **front view of the applicant's face, head and shoulders (facing forward and looking straight at the camera)**; hats, hair bands or dark glasses must not be worn.
- It should show the full head, without any head covering, unless worn for religious beliefs or medical reasons
- With a neutral expression and with the mouth closed
- With eyes open and clearly visible (no sunglasses or tinted glasses and no hair across the eyes)
- No objects, other people or shadows in the photo
- The **background must be plain and light colour, preferably white** but light blue and light grey will be accepted (NO black, dark blue, red etc.)
- Be clear and in sharp focus
- Be taken within the last 6 months

Details should be entered for all participants **until no later than 14 July 2026**. This includes applications for accreditation of additional coaches, paramedical staff and guests for whom the NF will assume the participation costs, as described above.

Please consider: If photos will have to be taken at the accreditation desk (because they were not sent within the deadline/in the correct format) **EUR 50** will be charged for each photo.

All data submitted by NFs via the accreditation platform are subject to the approval of European Gymnastics. The European Gymnastics Accreditation Rules will be strictly applied, notably as far as the number of accreditations per federation is concerned. No further accreditations may be issued. Any additional person is considered a spectator and must buy entry tickets.

Accreditation cards will not be delivered unless all financial and insurance obligations have been successfully completed.

In addition, each NF **must also** register on the **European Gymnastics GymData Online registration system** by the stated entry deadlines for Definitive & Nominative entry (see Point 7).

Media Accreditations

International and local media representatives as well as federations' communication staff who are interested in covering the event can register online through the European Gymnastics website: [Media | European Gymnastics](#).

Deadline: 30 July 2026

The European Gymnastics Accreditation Rules and Media Rules have to be strictly respected.

6. AGE LIMIT OF GYMNASTS

The age of MAG Juniors in 2026 is age 15 – 18 years old (born 2011 - 2008), as per the FIG technical regulations.

The age of MAG Seniors in 2026 is minimum 18 years old (born 2008) or older, as per the FIG technical regulations.

- NFs must declare through the gymnast's FIG profile whether their 18 year old gymnasts will compete as junior or senior prior to their first FIG sanctioned competition for the year concerned.

Gymnasts who have participated in a Senior World Championships, a Senior Continental Championships, a World Cup / World Challenge Cup, and Multi-Sport Games, may not participate afterwards in Junior competitions.

All gymnasts must have a valid FIG licence until the end of the event.

7. REGISTRATION AND ENTRY FEES

Registrations can only be made by European Gymnastics and FIG affiliated federations in good standing, via the **European Gymnastics GymData Online registration system** from SmartScoring (<http://registry.gymdata.online/>) and by using the National Gymnastics Federations' login and password.

Definitive Registration

The definitive registrations must be completed by entering the composition of the delegation **until 7th May 2026 (23:59 Swiss time) at the very latest.**

Nominative Registration

The nominative registrations must be completed by entering the composition of the delegation **until 14th July 2026 (23:59 Swiss time) at the very latest.**

Reminder: Together with the nominative registration, delegations must complete their accreditation application via LOC.

No late registrations will be accepted after the Drawing of Lots (i.e. the gymnasts will not be allowed to compete), however, a NF who has registered a Team is authorized to add gymnasts to the number declared at the Definitive Registration, up to the maximum quota allowed and upon payment of the late registration fee.

Nominative entry received after the deadline <i>Note: No late registration can be accepted after the drawing of lots</i>	EUR 1000.00
Non-participation of a team, but participation of individuals (information given at the competition venue)	EUR 1000.00
Non-participation of individuals, no participation at all (noticed at venue)	EUR 1000.00

8. LICENCES

No gymnasts will be accredited without a FIG licence valid until the end of the competitions.

Licence application forms (new or renewal) must be submitted **at least one (1) month prior to the deadline for nominative registration**.

Please consult the FIG licence rules for additional information in this respect.

9. JUDGING

Each National Federation with a Team or Individual Gymnasts for the Senior or Junior competitions has the obligation to nominate 1 judge. Each National Federation with teams or individual gymnasts for the Senior and Junior competitions must nominate 2 judges.

Note: the D1 judges are considered European Gymnastics’ Judges and are not part of the judge’s quota of their federation.

NF who are drawn in a D2 position will as a result only be entitled to send ONE / NO judge for inclusion in the E-Panel draw of that competition (the number of judges depends on the number of gymnasts the Federation have competing).

If a federation does not enter a judge or comes with an insufficient number of judges, European Gymnastics, in line with the European Gymnastics Technical Regulations, will request payment in the sum of EUR 5’000.00 per missing judge.

All judges must have a current valid FIG brevet and category, for their function according to FIG Judges rules at the time of the event.

Whilst the presence of E-judges at the Official Podium Training is not mandatory, the MTC would strongly encourage all E-Judges to be present at Podium Training.

10. DRAWING OF LOTS

The gymnasts’ drawing of lots will take place after the deadline of the Nominative Registration, on **17 July 2026** at the Head Office of European Gymnastics.

The composition of subdivisions is decided by drawing of lots among the teams and individual gymnasts.

For Juniors, the draw will be open, and will start with the final Subdivision and work its way back to Subdivision 1. As federations are drawn, they will be placed horizontally across the apparatus working in Olympic order. The draw will continue until all federations have been drawn.

For Seniors, the draw will start with the 6 (MAG) highest ranked teams from the qualification competition at the European Championships from the previous year (or in exceptional circumstances from another competition to be decided by the EC following proposals from the MAG Technical Committee) plus the Host Federation drawn in the final subdivision and placed horizontally across the apparatus working in Olympic order.

The draw will then continue with the remaining teams and individual gymnasts to complete the final Subdivision and then work its way back to Subdivision 1. As federations are drawn, they will be placed horizontally across the apparatus working in Olympic order. The draw will continue until all federations have been drawn.

11. COMPETITION FORMAT

The Qualification Competition will act as the continental qualification competition for the 54th Artistic Gymnastics World Championships 2026 in Rotterdam, Netherlands. Please refer to Section 2, Article 5 of the FIG Technical Regulations for more details around the rules & continental quotas.

SENIORS - Qualifying Competition including All-Around Final, plus, qualification for Apparatus Finals and Team Final.
JUNIORS - Qualifying Competition including Team Final, plus qualification for the All-Around Final and Apparatus Finals.

A Senior and Junior Team consists of 3 - 5 gymnasts, of which up to 4 compete on each apparatus. The 3 best scores on each apparatus are added together to make the total score for the Team on that apparatus.

All federations are entitled to participate with either a team composed of 3 to 5 gymnasts, or a maximum of three (3) individual gymnasts. Federations who compete with a Senior Team may bring a 6th gymnast to participate as an individual apparatus specialist. This gymnast may compete on a maximum of 3 apparatus. The 6th gymnast is an individual gymnast and therefore may be required to compete separately from the team, for example, in a different group or subdivision.

The competition consists of 6 apparatus. As a general rule, the events will be performed in the Olympic order.

The number of subdivisions depends on the number of participating gymnasts. As a general rule, every subdivision includes 12 teams/mixed groups.

The composition of subdivisions is decided by drawing of lots among the teams and individual gymnasts.

The best Junior Team is awarded the title "Junior European Artistic Gymnastic Team Champion Men".

A separate All-Around Final result list will be produced to include the 24 gymnasts with the highest ranking obtained. A maximum of 2 gymnasts per Federation will be taken into consideration.

The best Senior Individual All-around gymnast is awarded the title "Senior European Champion in Artistic Gymnastics Men".

JUNIORS - All-Around Final

The 24 gymnasts with the highest ranking obtained in the Qualifying Competition will qualify for the All-Around final. A maximum of two gymnasts per federation are allowed in the finals.

The starting order of the gymnasts will be communicated in the work plan.

The winner of the All-Around Final juniors is awarded the title "Junior European Champion in Artistic Gymnastics Men".

SENIORS - Team final

The 8 best Teams from the Qualifying Competition will participate in the Team Final. Teams consist of 3 to 5 gymnasts. 3 gymnasts will compete on each apparatus with all 3 scores counting towards the total score for the Team on that apparatus.

The starting order of the gymnasts will be communicated in the work plan.

The winner of the Team Final for Seniors is awarded the title "European Artistic Gymnastic Team Champion Men".

SENIORS & JUNIORS - Apparatus Finals

The 8 highest ranked gymnasts on each apparatus from the Qualifying Competition will qualify for the respective Apparatus Final.

A maximum of two gymnasts per federation will be allowed in the finals.

The starting order of the gymnasts will be communicated in the work plan.

The winner on each apparatus is awarded the title "European Champion on ... (the corresponding apparatus) Men " or "Junior European Champion on ... (the corresponding apparatus) Men ".

Reserve gymnasts

Reserve gymnasts for all Finals will be in accordance with the FIG Technical Regulations.

The provisional training, warm-up and competition schedules will be included in the Work Plan.

21. INSURANCE

The Host Federation, the Organizing Committee, European Gymnastics and the FIG will not be held responsible for any liabilities in case of accidents, illness, repatriation and the like.

The European Gymnastics and FIG Technical Regulations foresee that all participating Federations are responsible for making their own arrangements to have the necessary valid insurance coverage against illness, accidents and for repatriation for all the members of their Delegation.

The FIG insurance IMSSA (International Medical & Security Sports Assistance) **for gymnasts and judges** with a valid FIG License / Brevet is valid for these European Championships. Please see further information on the FIG Intranet. Basic insurance (sickness, accident and repatriation) in your country of residence is compulsory in order to be able to benefit from coverage by FIG IMSSA subsidiary insurance. Please also refer to <https://www.gymnastics.sport/site/pages/medical-insurance.php> for additional information regarding the FIG IMSSA insurance for Athletes and Judges.

All other delegation members are NOT included in this insurance and must present a proof of insurance at the accreditation.

The LOC will verify the insurance upon arrival of the delegation members (e.g. cover note or photocopy of the valid policy in English writing).

Delegation members with insufficient insurance coverage will subsequently be offered with insurance at the Federations own charge as follows: **EUR 15** per person/day.

22. WORK PLAN

European Gymnastics will endeavour to issue the work plan to Federations and other persons concerned six weeks prior to the start of the competition.

23. DOPING CONTROLS

Doping controls will be organised by the International Testing Agency (ITA) on behalf of the FIG and according to the World Anti-Doping Code (WADC), the international standards enacted by the World Anti-doping Agency (WADA) and FIG Anti-Doping Rules.

24. SAFEGUARDING

A safe environment for all participants is a top priority at the 2026 European Championships.

In case you experience or see any form of non-accidental violence, harassment and abuse please contact Ms Lisa Worthmann (lworthmann@europeangymnastics.com).

From the **official day of arrival** until the **official day of departure**, all participants — including **gymnasts, coaches, judges, and other Delegation Members** — will have the possibility to **contact the LOC Safeguarding Officer** by phone or email in case of:

- Harassment
- Abuse of any kind
- Any situation where they feel uncomfortable or unsafe

The **contact information** for the LOC Safeguarding Officer will be **provided to all Delegations upon arrival** on site.

As part of the FIG’s commitment to athlete welfare and youth protection, it is recommended that **posters of the “10 Golden Rules of Gymnastics”**, part of the FIG's awareness campaign, are **clearly displayed** in several key areas, including:

- Training Halls
- Warm-Up Areas
- Public Zones

These measures are in place to ensure a **safe, respectful, and supportive environment** for all participants throughout the event.

Security for event related payments

An increase in fraud with event-related payments was seen recently. (Fraudulent bank details being shared in hacked e-mail conversations and payments getting lost through that.)

Please take good note of the below and inform any person involved in administration for participation in European Gymnastics events.

Please

- **always make sure that an e-mail or link is really coming from the LOC or European Gymnastics** (by verifying each letter of an e-mail address / url).
- **only pay to bank details included in event directives** (published on the European Gymnastics website).
- **never accept new bank details by e-mail** for a payment.
- **if anything looks suspicious** (different bank details on different documents / bank details not matching the event host country (for payments to a LOC) / not matching Switzerland (for entry fees payments to European Gymnastics) / different tone of an e-mail text / different e-mail signature) – **do not pay, but contact the LOC or European Gymnastics separately** via known contact details to verify the situation.

For **all persons handling administration for event participation:**

- **regularly change e-mail account passwords**
(of *your federation's general e-mail address* and *e-mail accounts of all persons involved in event administration*).
- **never work from an open** (not passport-protected) **wifi-net** (in hotels / event venues / airports / trains etc.). Especially not when logging into e-mail account, bank account or online booking- / event- registration- platforms.
- take care of internet security (**always up-to-date firewall, antivirus programme**).
