## 1. OFFICIALS AND ORGANISING COMMITTEE

---

This Work plan has been drawn up in accordance with European Gymnastics and the FIG regulations and is based upon the definitive registrations received by the Office of European Gymnastics by **September 9<sup>th</sup>, 2020**. More information can also be found in the *Directives* of the MAG 2020 European Championships.

### 1.1 COVID-19 measures

- European Gymnastics has created some COVID-19 guidelines, please see Appendix 1
- A negative PCR test result (**done max. 72h before arrival**), readable in English, must be provided for all participants at accreditation latest. **To speed up the accreditation process, please send all test results by email prior to your arrival to: [covid19testresults@tcf.gov.tr](mailto:covid19testresults@tcf.gov.tr)**
- National Federations are requested to send for each delegation member a health insurance confirmation document, valid in Turkey and stating that it covers the consequences of Covid19; **as for the Covid-19 related quarantine costs, if it is not included in the insurance coverage, the federation must confirm in writing to assume the financial risk themselves.**  
**The insurance confirmation is to be sent by email to the LOC ([insurance@tcf.gov.tr](mailto:insurance@tcf.gov.tr)) until the 27<sup>th</sup> of November.**
- FIG's IMSSA insurance covers Covid19 *as illness* (including all treatments, possible repatriation etc.) for gymnasts and judges. However, an eventual needed quarantine period (or need to stay on site as accompanying person) of a "not ill" person is NOT covered. The national federation must take care of an according coverage or financial planning themselves.
- **In addition to the insurance related information indicated in the Event Directives, the LOC can furthermore also offer an insurance covering Covid-19 as illness. (see attachment: Covid-19 Insurance\_Protection Plan)**
- It is the responsibility of the NF to verify the up-to-date travel information before departure to Turkey with the LOC and on <https://www.iatatravelcentre.com/world.php>.
- A second mandatory PCR test will be done on site during the week (at the charge of the NF). This test will cost € 50 per test and per person. Payment will have to be done during accreditation in cash.
- Please bring enough masks and gloves for all your team.
- Fill in the form in the European Gymnastics Covid19 guidelines and return it at accreditation.
- All side events such as the welcome reception, round table, banquet have been cancelled.
- Each Head of Delegation is to be responsible for its own team.
- **No guests are allowed at the ECh 2020**

### 1.2 Responsibilities

- Should the event have to be cancelled at a later stage the LOC will try its' best to handle the force majeure situation with the reimbursement of costs for accommodation and meals bookings. However, the financial responsibility for all bookings (travel, accommodation, meals) remains with the NF.
- In order to maintain the safety for everyone participating in the event it is the responsibility of the NF that all of their delegation members commit to fully respect the Covid19 guidelines for European Gymnastics events. We are convinced the Covid19 risks can be brought to a minimum with that. The LOC will prepare the necessary arrangements of eventual quarantine / positive Covid19 cases. Nonetheless, the responsibility for eventual quarantine and/or positive Covid19 cases concerning their delegation remains with the NF. This includes the covering of all costs.

- The reserve will be placed on the starting position of the gymnast he replaces.
- If more than 8 gymnasts are qualified in one apparatus final, a draw will take place, to determine the starting order.
- If a gymnast competes in two (or more) successive apparatus finals and medals in the preceding final (thus reducing the gymnasts' opportunity to return to the warm-up hall prior to the next final), the MTC will adjust the Start Order if needed.
- The start order of the final following the medal presentation will be adjusted accordingly and places 6, 7 & 8 will be allocated to these gymnasts (if necessary).

#### Apparatus Finals - Juniors

- The juniors apparatus finals will take place following the European Gymnastics system, namely two apparatus at the same time, divided into 3 blocks (floor-pommel horse, rings-vault and parallel bars-high bar);
- The touch warm-up will take place on the podium.
- The following principles will apply for the drawing of lots
  - I. If there are gymnasts qualified at two apparatus from the same block, they will compete:
    - At the first apparatus in the first group (starting order by draw) and
    - At the second apparatus in the second group (the same starting order as the first apparatus in order to allow him enough time to rest);
    - For instance, one gymnast that will compete 3<sup>rd</sup> in the first group at floor will compete 3<sup>rd</sup> in the second group at pommel horse.
  - II. If there are in one block more than 4 gymnasts qualified for 2 apparatus we will have a draw:
    - The first 4 gymnasts from the first group at the first apparatus (valid as well as starting order);
    - The starting order of the remaining gymnasts at the second apparatus in the first group, together with the other finalists;
    - For instance, 6 gymnasts are qualified for the finals at floor and at pommel horse: 1st draw – finding the first 4 gymnasts from the first group at floor; the same starting order for the second group at pommel horse. 2nd draw – the starting order of the remaining 2 gymnasts at pommel horse in the first group together with the other 2 finalists. The same starting order at floor for the second group. 3rd draw – the starting order of the other finalists at floor for the second group.
  - III. If one finalist has to be replaced for different reasons after the draw by one finalist who is already finalist in the same block at another apparatus and in the same block number:
    - This finalist will keep his position drawn already;
    - This finalist will take the 3<sup>rd</sup> position in another group of the apparatus of the replaced gymnast;
    - We will have in this case one group of 3 gymnasts and one group of 5 gymnasts;
    - For instance, finalist A at floor in the first group must be replaced by the gymnast B, who is already in the pommel horse final in the first group:
    - The place of the gymnast A in the first group at floor will remain free (only 3 finalists);
      - ❖ The gymnast B will keep his place in the first group at pommel horse;
      - ❖ The gymnast B is the third in the second group at floor (5 finalists)

- The timing for the Juniors' apparatus finals is the following:
